

Master of Science in Nursing: Psychiatric-Mental Health Nurse Practitioner Application Packet

The Mount Marty College tradition of service learning and outreach to underserved populations has stimulated the development of a Master of Science in Nursing nurse practitioner program with specialties that will reach those populations and beyond. The learning outcomes from the MMC Master of Science in Nursing programs are based on The Essentials for Master's Education in Nursing as published by the American Association of Colleges of Nursing (AACN, 2011).

Psychiatric-Mental Health Nurse Practitioners (PMHNPs) are clinical experts prepared to implement a holistic approach to providing mental health care to individuals, families, groups, and communities. The focus of our PMHNP program is to provide the academic knowledge and clinical skills necessary to provide mental health promotion, disease prevention, assessment, and management of psychiatric illness.

During the Mount Marty College PMHNP program, you'll be trained to use an evidence-based approach to diagnose and treat a variety of mental health conditions through the provision of pharmacotherapy and psychotherapy. Upon graduation, you'll be prepared to meet the mental health care needs of a variety of rural and underserved populations. Most importantly, you'll be prepared to take an active leadership role in health care advancements.

Admission Requirements and Application Procedure

Admission Requirements

To be accepted/admitted into the Master of Science Psychiatric-Mental Health Nurse Practitioner, the applicant must meet the following requirements:

- Bachelor's degree in nursing from a ACEN or CCNE accredited program
- Cumulative GPA of 3.00 on a 4.0 scale
- Current licensure as an RN with at least one year (two years preferred) of professional RN practice
- Completion of Basic Life Support (BLS)
- Three letters of recommendation (must be sent directly to the school)
- Current Resume
- Personal Essay
- An interview will be conducted with each selected applicant as part of the admission process
- Completed health questionnaire, physical exam, immunization record, and criminal background check prior to the start of the first semester, if admitted to the program

Selection Process

The MSN Admissions Committee will carefully review the completed application and supporting material, academic performance, nursing experience, and references. Because class size is limited, not all candidates who meet minimum requirements may be admitted to the program. Interviews will be scheduled with selected applicants. Applicants will be notified of the MSN Admissions Committee decision regarding acceptance into the program within 2 weeks of the personal interview. Incomplete applications, or applications received after the designated deadline, will be reviewed at the discretion of MSN Admissions Committee.

International Students

International students are asked to follow the additional admissions procedures online at:
